SUMMARY OF BUSINESS

Our Company was originally incorporated on February 06, 1956 as a public limited company under the name and style of “Indian Extractions Limited” under the provisions of the Companies Act, 1956 with the Registrar of Companies, Maharashtra, Bombay. Subsequently, the name of our Company was changed to “IEL Limited” vide Fresh Certificate of Incorporation dated January 21, 2019. The Company has changed its registered office from the state of Maharashtra to the Gujarat under the order for change of state by the Regional Director vide certificate dated August 04, 2021 with the Registrar of Companies, Ahmedabad. The Corporate Identification Number of the Company is L15140GJ1956PLC124644.

The Company was operating into the Solvent Extraction Industry, with its manufacturing plant situated at Jamnagar in the Saurashtra region of Gujarat state, which has faced number of difficult years to carry on optimum manufacturing operations. Various factors have contributed to make business operations of the Company unviable.

One of the main such factor was the low availability of groundnuts for the crushing industry and thereby very low availability of De-Oiled Cake for the Solvent Industry. This was due to the fact that the seeds were used more for direct edible purposes as in cocktail.

Besides the low availability of groundnuts for the crushing industry and therefore the Solvent Extraction Industry, the crop size has also reduced significantly on account of farmers preferring to diversify into other crops like cotton. The reason for the same has been the disparity in pricing due to dumping by countries like USA, Brazil & Argentina, which have had bumper crops, and the policy of the government to import refined edible oil from the neighboring countries. This has resulted in our Company’s manufacturing capacity being grossly un-utilized, unviable and uneconomical, to face the competition from huge refining capacities set-up by the multinationals by using imported oils. This factor has practically eroded the margins for the domestic Solvent extraction and edible oil industry to which our Company was also not an exception and incurred recurring losses which in turn has forced to exit from the said business.

Hence, due to the un-controllable external factors such as continuous disparity in business, volatility in foreign exchange, low availability of feed stock, un-economical size of capacity, made the operations unviable and hence forced the management to take the decision to exit from its core business of Solvent Extractions and oil refining after more than 55 years in the business.
